

SmartFarmer - IoT Enabled Smart Farming Application

Problem Statements

Date	25 September 2022
Team ID	PTN2022TMID50102
Project Name	SmartFarmer – IOT Enabled Smart Farming Application

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	Farmer	Maintain correct level of water supply,soil moisture etc,	Farmers doesn't have enough knowledge on using this application	proper training session has not been provided for the farmers to work with the system	Stressed because farmers can't use the system untill he get's enough training to use the system.

Ps-II	Farmer	Reduces the work load of a farmer.	If there is a technical issues farmer will not be able to access the system efficiently.	In Rural areas there will not be a sufficient network facilities	Will be Frustrated because the day's work will be spoiled.
